CONGRESSIONAL & INTERGOVERNMENTAL

House & Senate: The House and Senate stand in recess this week and will return to session next week on Monday, June 4, 2018.

Rep. Doug LaMalfa (R-CA-1): Brent Maier received an inquiry from Brenda Haynes, District Representative in the Redding District Office of Congressman Doug LaMalfa regarding the local irrigation district serving Shasta and Tehama County. A local irrigation district in the Congressman's District provides irrigation water to nearly 30,000 acres of land in Shasta County and Tehama County. That irrigation water percolates into the ground and supplies many 1,000s of domestic drinking water wells in both counties. Brenda explained that while that side benefit is not their primary function, it has been documented for decades that without this irrigation district providing such water, those thousands of wells would most certainly be dry. That would pose an incredible burden on local city or county water systems, and in most of this area, no such domestic water district even exists. Brenda noted that it is paramount that the irrigation district continue to provide this essential water. The irrigation district's dilemma is that a portion of its water supply is lifted from the Sacramento River through a pump station which is very old and in need of improvements to the pumps and fish screens. Without these improvements, it's just a matter of short time until the facility fails, no more water is pumped and all those domestic water wells go dry. Brenda has reviewed the EPA's website for WIFIA and was interested in speaking with our office to learn more details and see if the Congressman's office can be of assistance in finding a funding source for these folks. Brent has shared Brenda's inquiry with Water Division's Paul Amato and will follow up with Brenda and see about setting up a conference call to discuss potential funding sources.

Rep. Nancy Pelosi (D-CA-12), Sen. Dianne Feinstein (D-CA), and Sen. Kamala Harris (D-CA): At the request of Superfund Division's Lily Lee, Brent Maier has reached out to Chief of Staff Robert Edmonson, Office of Congresswoman Nancy Pelosi; John Murray, Field Representative in the Office of Senator Dianne Feinstein; and June Williams, District Director in the Office of Senator Kamala Harris to see if each of them would all be available this week on Friday, June 1st at 11:30am PT (2:30pm ET) for a 30-minute call with both U.S. EPA and the Navy to provide their offices with a status update on Hunters Point – Parcel A. We have recently done calls with offices individually and wanted to see if we could do a joint U.S. EPA/Navy call with all three offices. Participating in the call would be U.S. EPA Superfund Division Director Enrique Manzanilla and the Navy's Laura Duchnak, National BRAC Director and other U.S. EPA and Navy staff. As of today, we have received confirmations from Chief of Staff Robert Edmondson of Congresswoman Nancy Pelosi's office; Monica Pham in Sen. Kamala Harris's DC Office; and John Murray in Senator Dianne Feinstein's San Francisco Office.

Sen. Dianne Feinstein (D-CA): At the request of Enforcement Division's Joel Jones, Brent Maier has reached out to Aily Zhang, Staff Assistant in the Office of Senator Dianne Feinstein to set up a conference call for Thursday, May 31st at 9:30am regarding a constituent issue involving their constituent's interest in receiving copies of inspection reports from our Enforcement Office for lead-paint inspections completed in 2015. Joel suggested we set up this call to provide Aily Zhang will a general description of our compliance and enforcement process. We are finalizing a response letter to be signed by Enforcement Division Director Kathleen Johnson regarding this constituent issue. Awaiting confirmation back from Aily Zhang as to her availability for a conference call.

Rep. Kevin McCarthy (R-CA-23): Last week, the Congressman's Legislative Director Kyle Lombardi reached out directly to Water Division's Mike Montgomery and his request that Mike reach out to McPherson Oil regarding a question they had regarding one of the aquifer exemptions we had already approved for Mt. Pozo. Brent Maier let Kyle Lombardi know that Mike left a message with John Miller at McPherson last week and is awaiting a call back from him. In addition, we will restart our calls with Kyle Lombardi in July 2018 to provide him with regular updates on the status of EPA's aquifer exemptions, perhaps on a quarterly basis.
